PROGRAMS AT BioTexCom

BioTexCom center for human reproduction has more than 10 years of experience. We conduct numerous surrogacy and egg donation programs at a high professional level.

We have a high success rate and provide our services to clients all over the world. All surrogacy programs in our clinic guarantee confident direct communication with each client.

Our programs include an unlimited number of attempts to make your dream of a baby come true. We provide our clients with all necessary services during their stay in Kyiv, including transportation, accommodation, food and assistance throughout the program.

Also, we may offer to collect your sperm samples or embryos which will allow you to skip the first visit.

The beginning of a program:

The first visit to Ukraine is needed for signing a contract and genetic material collection (semen and/or eggs). If only semen is collected, a couple should stay in Kyiv only for 2-4 days. In case women doesn't use donor eggs, a couple stays in the city for 12-14 days. The clinic provides all clients with comfortable accommodation and food during each visit.

OUR DOCTORS HAVE OVER 20 YEARS OF EXPERIENCE;
OUR SURROGATE MOTHERS GIVE BIRTH TO AROUND 450
BABIES ANNUALLY;
THERE ARE AROUND 1,000 EGG DONORS AND
SURROGATE MOTHERS IN OUR DATABASE;
**WE WERE NOT THE FIRST, BUT WE BECAME ONE OF
THE BEST IN THIS AREA**
